08.03.2022 International Women's Day

Self-Employment for Self-Sufficiency- Dr. Vasundhari

In this modern world, two paradoxical situations are seen in society as far as women-related issues are concerned. On the one hand, some women lead their life very independently and comfortably. On the other hand, the reverse is the situation, where women are being continuously exploited. The main reason for this pathetic condition of women is a defect in our social system, where women are not empowered and educated themselves to protest this situation and protect themselves, said Dr. Vasundhari. a famous gynaecologist. She was speaking to our students on "International Women's Day" organized by Kalpana Chawla Women's cell of GFGC Raichur on 8th March as chief guest.

She also said that many women achievers in society achieved their goals and not only developed themselves but also contributed to the development of society and the nation as a whole. This is possible for them because of the education they got and the Knowledge they acquired. Therefore, she gave a call to the students to get a better education and improve their skills. In this present society and market, there is a great demand for constructive thinking and skill. So irrespective of gender students have to acquire the skills.

In his presential remarks, Dr.Yankanna Principal of our college opined that depending on employment, especially on Government jobs is only a limited opportunity. Hence he told the students to be enterprising instead of job seekers to become job providers.

The programme began with the prayer song by Bhoomika and the Co-Ordinator of KCWC Smt. Pushpa gave the precise note about the programme and introduced the chief guest. There was fruitful interaction between the students and the guest. The programme ended up with a vote of thanks by Arshi Jamal. IQAC Co-Ordinator Dr. Mahantesh Angadi were present.
